

Picture Perfect!

So that everyone (especially our new members) in the chorus can learn to recognize you by your beautiful smile, upload your picture to your website profile.

You must be registered and logged in to see these menus. From the All About Us menu, select User and then select Account.

On the Account page, there is a link under your picture (your picture will be the default Treble/Bass Clef) until you update it. But there is a link labeled "View Profile" where you may go to update your website profile! Click that link to be taken to the profile page.

A screenshot of the 'Account' page. On the left, there is a profile card for 'Sue Magnuson' with a photo of an older woman. Below the photo is a purple arrow pointing to a 'View profile' link. Below the profile card are two menu items: 'Account' and 'Change Password'. On the right, there is a form titled 'Account' with fields for 'Username' (SueMag), 'First Name' (Sue), 'Last Name' (Magnuson), and 'E-mail Address' (suemag832@gmail.com). There is a blue 'Update Account' button at the bottom.

There is a small Gear icon on the upper right. When you click or tap on that icon, a menu appears; choose Edit Profile.

This is where you can update everything you want the chorus members to learn about you! There's a box for a short intro and you can also:

- Upload your picture
- Update your phone number(s)
- Add your social media links to Facebook, Instagram, Twitter, LinkedIn, etc.

Once you make your additions or changes, tap or click the Update Profile button.
